WORKSHOPS

Please describe here activities conducted in 2016 (attached files compiling information and scientific and/or budgetary results can be added to the report) and workshops foreseen for the year 2017 or 2018 if already planned.

The workshop of the SIG is organized every two years. In 2016 it was coorganized with the Earsel conference in Bonn as a special session. There are no economic infos about the workshop. A special company session for geological applications was organized that aimed on providing a platform for scientist and industry to discuss potential collaborations. One institutional company attended - VALE/ITV.
