JANUARY 10th, 2017 (by email: secretariat@earsel.org)*

Name of SIG:	Remote Sensing of Land Ice and Snow
Name of chairperson:	Stefan Wunderle
Name of author:	Stefan Wunderle
Year:	2016

WORKSHOPS

Please describe here activities conducted in 2016 (attached files compiling information and scientific and/or budgetary results can be added to the report) and workshops foreseen for the year 2017 or 2018 if already planned.

- Schedule for planned workshop in 2017 was discussed with key persons during ESA living planet conference, Prague in 2016.
- Webpage moved to new server and improved for workshop in 2017.
- Call for paper for workshop sent before summer break 2016
- ConfTool tailored with help of Klaus Komp to fit the needs for the workshop. Abstract submission and review process was successful.
- Workshop program compiled and distributed on Dec. 30, 2016.
- 8th snow and ice workshop will take place in Bern from 7.-9. Feb. 2017

WEBSITE AND PROMOTION ACTIVITIES

OTHER INFORMATION

- Book project will be re-activated after 8th snow and ice workshop; delay is caused due to finalization and submission of my habilitation thesis in 2016, which was expected by the leading board of the Institute of Geography.
