

## EARSeL Communication from the Bureau December 2022 issue

### 1. Season's greetings

In the name of all Bureau members we would like to wish you a merry Christmas and a happy and healthy New Year. We hope that the year 2023 will be full of scientific achievements and new collaborations for you. We also aim to have the opportunity to meet in the frame of an EARSeL event!

### 2. EARSeL elections

- It is time for our association to renew the composition of the Council. In this frame EARSeL is seeking National Representatives for the period July 2023 - June 2027. These positions are open to any representative/member of a member laboratory, and **we are specifically hoping to also receive candidacies from the younger generation of scientists**. The deadline for the submission of applications is **January 31st, 2023**. More info: <https://earsel.org/call-for-applications-for-the-position-of-earsel-national-representative-council-term-2023-2027/>
- In March next year we will launch the call for Bureau positions. No specific background is required and here too, candidacies from **young scientists are also more than welcome!** Stay tuned (Website and LinkedIn page of the association).

### 3. Upcoming EARSeL events

- The 10<sup>th</sup> EARSeL workshop on Land Ice and Snow will be organized in Bern (Switzerland) from 6 to 8 February 2023 and it is now time to register! A first programme is available with more than 70 presentations. For more information please visit the Workshop website: <http://www.earsel.org/SIG/Snow-Ice/workshop/call.php>

- The 42<sup>nd</sup> EARSeL Symposium will take place in the city of Bucharest, Romania from 3 to 6 July 2023. The call for abstracts has been launched and it will be possible to submit your papers soon (deadline 31<sup>st</sup> January 2023).  
More information on the website of the event: <https://cyprus2022.earsel.org/about.php>

#### 4. Special Interest Groups

We are very happy to announce the appointment of new chairpersons for the SIGs “Forest Fires” and “Thermal Remote Sensing”!

**Daniela Stroppiana** (<https://www.researchgate.net/profile/Daniela-Stroppiana/2>) is a permanent researcher at the Italian National Research Council (CNR-IREA) and the new SIG “Forest Fires” chairperson.

**Agnieszka Soszyńska** (<https://www.researchgate.net/profile/Agnieszka-Soszynska>) a researcher at the University of Twente (The Netherlands) and **Jennifer Adams** (<https://www.researchgate.net/profile/Jennifer-Adams-8>) a post-doc at the University of Zurich (Switzerland) are the new chairpersons of the SIG “Thermal Remote Sensing”.

#### 5. EARSeL Symposium 2022

This year marked the return of physical events, and we would like to share with you this nice memory of our conference in Cyprus.

EUROPEAN ASSOCIATION OF REMOTE SENSING LABORATORIES  
ASSOCIATION EUROPÉENNE DE LABORATOIRES DE TÉLÉDÉTECTION

Head Office, Am Dill 169, 48163 Münster, Germany
